Dear Gov. Bryant;

I am a physician in Greenwood Mississippi. My family and my property have been under "throw a brick and hide your hands" attack by Muslim attorney, Lee Abraham for 15 years. This protracted chain of abuse began when I associated with Sayed Rafique, MD, another Muslim who conspired with Lee to control cancer services in North Central Mississippi. In a recent episode, Rafique stole \$1,000,000 in drugs and accounts receivable owned by the Cancer Center and got away with converting his stolen assets with impunity. Jim Hood did not investigate this theft nor has the Greenwood Police Department effectively investigated my attempted assassination. When you extract assets in this amount from most small businesses, they cannot survive. When my agents can easily retrieve contents from my stolen billfold from the assassin's trash, which is deep in drugs and child prostitution, I have a problem with Abraham's police. Abraham orchestrated the fraudulent election that resulted in a mayor who has a chief of police who knows what to ignore. Jim Hood is a business associate of Lee Abraham and is in a position to share in massive group tort litigation over which he has given Lee contractual authority.

Rafique is the son of a rural war-lord in Pakistan. My informants tell me cocaine sourced by Rafique's family is shipped to the north shore of Mexico, transported by 18 wheeler across the Mexican border to Greenwood, and distributed across the southern US by Lee's network of drug traffickers. This is hearsay and not fact I can prove. What is certain is that Leflore County bought for 18 wheeler trucks with county money for which no one understands a purpose.

Five days ago an attempt to assassinate me was narrowly avoided. I am certain beyond reasonable doubt the assassin was a post-hypnotic delusional victim of Lee Abraham's Illuminati drug manipulation. I say that because during the encounter the assassin stated that a 24 year old African American I had seen that morning in the Cancer Center was his father, and that "he'd seen videos". His delusions made the attack no less deadly.

Jim Hood made no effort to investigate the \$1,000,000 theft and asset conversion described above. The detective department of Greenwood has made no apparent effort to investigate my assassination attempt. I have not been interviewed since I left the emergency room, nor was I meaningfully interviewed while there.

Lee's associate, Preston Rideout, was active in the Greenwood campaign for mayor, and election fraud was rampant. Electric bills were paid, natural gas bills were paid, grocery bills at specified stores were paid, tanks of gasoline at specified stations were paid; drugs were handed out; the list is long and obvious. The mayor, of course, appoints the Chief of Police. The Head Detective is appointed by the Chief of Police. There have been 10 drug related murders in "the hood" this year and not a single arrest. Lee is in control. Numerous fires of black owned property have occurred with no arrests or convictions. The fire chief, also appointed by the Mayor, regularly "contains" the fires by hosing water on the roof while the properties are destroyed.

Lee is a brilliant sociopath who has acquired cultural manipulative skills of the Illuminati. Lee fronts as a Catholic and a believer in the US Constitution. He is in reality a social cancer, a practicing Muslim deep in organized crime helping Obama corrupt this nation's fabric. His cancer is growing in Greenwood and in the Mississippi Delta.

I am asking you and the new Republican majority in the Mississippi legislature to create a special Ad Hoc Committee on Lee Abraham and militant Muslimism in Mississippi. I believe the findings of this committee will force Jim Hood to resign and could change the social structure in the decaying Mississippi Delta.

There are two "chat lines" in this region, each with over 50 girls, many under age 18. I have compelling evidence that this burgeoning business, said to be more profitable than the street drug business, has been home-grown by Lee using rohypnol and Illuminati pharmacological manipulation as central subversive, mind-altering tools. Several virginal black females age 9 to 15 tell me they climbed into Lee's black truck, innocently drank his cool aid, passed out, and awakened naked with wet sore bottoms, deflowered and then told they were "working for Lee now". They prostituted under threat of death or severe physical retribution.

I am begging you to help the nation to understand the subversion of its strength and character by the likes of Barack Obama and Lee Abraham. A focused effort on your part could have this effect before the upcoming presidential election. The evidence I have acquired on Lee Abraham, and placed in video format at multiple sites, should survive my death. The evidence is so obscene I believe it will influence the presidential election. Lee knows this. He still wants me killed, as power, dirty money, Jihad, destruction and hate are the Muslim way.

Yours truly,
